**Shraddha Thithis**

**Shraddha Thithis** indicated are as per calculations to suit customs of every body.

General rule for madhwas is **Perform Ekadashi / Dwadashi shraddha on Dwadashi observance day.** Shraddha Thithis on Athiriktha Ekadashi and Shravana Dwadashi days have to be performed on the Parane (next) day.

Sometimes Ekadashi shraddha thithi occurs on a Viddha / Dashami day, Dwadashi shraddha thithi on Ekadashi observance day. In both the cases, performing Shraddha on the Dwadashi parane day is the general rule.

One school of thought is that Ekadashi shraddha can be performed on Dashami day if the shraddha thithi is Ekadashi. Some mutts do not agree with this contention. Concerned persons may ascertain the date from their mutts/purohit.

## Moola Brundavana

Sri Padmanabha Theertha's Brundavana at Nava Brundavana is the first Moola Brundavana. This was constructed by his successor Sri Narahari Theertha under Sri Ananda Theertha's instructions.

Yathi's (saint's) mortal remains will be placed under the ground surface.

That yathi will continue to do japa. Due to this japa, yathi will acquire a divine bright body called Tejo roopa. That will be present in the middle of the Brundavana.

Due to the Japa power of the Tejo roopa, All Kshetras, All Theerthas (Sacred water bodies), All Devathas (including Sri Mukhyaprana – Sri Ananda Theertha) will be present in the Brundavana in the five forms of Aniruddha, Pradyumna, Sankarshana, Vasudeva and Narayana. Because of this reason, during Aradhanas, Five brahmins are offered food in Alankara Pankthi using the same five names.

Namaskara to Brundavana can be performed from all directions.

Devathas will give Amrutha (Nector) to the Yathi.

On the Poorvaradhane day, the yathi will submit (samarpane) all the Japas performed during the preceding year.

On the Aradhane day, the yathi will watch all bhakthas and bless. On Uttara-aradhane day, the yathi will continue his japas.

Hastodaka and all offerings are seen by the yathi through the eyes marked on the Brundavana. [Devathas and yathis in Brundavana accept the offerings through sight only.]

Consuming Hastodaka bestows good progeny (sath santhana).

Protecting Brundavana ensures rebirth as Madhwas in the generations to come.

Mruttika Brundavanas have the Mruttika (sacred mud placed on the moola Brundavana). Due to the power of Mruttika, the respective yathi will be present in the Mruttika Brundavana and responds to all the approaching Bhakthas' requirements.

## Rules for taking food in a Pankthi

Taking food is a Yajna. There is Agni in the stomach and what is eaten is Ahuthi (offering).

Two or more persons taking food together is called a Pankthi. Everyone in the pankthi has to wait for the eldest / most learned in the Pankthi to start taking food, before starting to partake the food. [Anybody taking even a part of the food earlier makes the entire food for all other elders Enjalu (left over) and ineligible for consumption.] Eating after elders is not an offence.

Similarly, everyone has to wait for the eldest / most learned to finish and get up (/ permit others to get up) before finishing / getting up. Someone finishing / getting up earlier also makes the elders get up immediately without finishing their food. This is the rule.

## General Information about Muhurthas

### Uttarayana, the best

Uttarayana is the best period for any Muhurtha.

Panchangas are expected to indicate muhurthas for the months of Chaitra, Vaishakha, Jyeshtha, Magha and Phalguna only, which generally corresponds to Uttarayana.

However, during Dakshinayana, Margashira and Kartheeka masas are the best.

### Preferred Slot of Upanayana

For Upanayana, the period from Shukla Panchami to Krishna Panchami is considered the most preferred.

### Ashada / Pushya Masas

Ashada Masa is generally considered a taboo. However if Meena masa co exists it is considered acceptable.

Similarly Pushya masa is also considered a No Muhurtha masa. However the period when Dhanur masa coexists only is a No muhurtha period.

These have been considered while listing the muhurthas in this table.

### Asthas of Guru / Shukra

Gurubala is very essential for the function to take place. Shukra is considered the planet indicating marriage. Hence Shukrabala is very important.

However, it is said that Guru Astha period is not suitable for Rugvedis, Shukra Astha period is not suitable for Yajurvedis and Bhouma Astha period is not suitable for Samavedis.

The rule is applicable for Upakarma also.

### Madhwas

Madhwas do not fix Dashami, Ekadashi and Dwadashi as muhurthas - the three days are considered as Haridinas.

However, in exceptional circumstances, Dashami can be considered for Vivaha only (exclusive vivaha and not the subsequent function (Nisheka) in the night).

During Child marriage days, this question did not arise.

### Lagna Thyajya

Lagnas for different muhurthas has been indicated in the table. Each of these Lagna's duration is roughly 2 hours.

However, One-third of the duration is called Thyajya meaning "To be discarded". The thyajya details are: First one third in case of Mesha, Vrushabha, Kanya and Dhanus lagnas, Second one third in case of Mithuna, Simha, Thula and Kumbha lagnas, Last one third in case of Karkataka, Vrushchika, Makara and Meena lagnas.

Nakshatra Thyajya for each day has been given in the Panchanga.

### Consult an Astrologer

The given muhurthas are general in nature. These may be best suited as also not suitable for different individuals. Consulting a learned Astrologer with the individuals horoscope / nakshatra will determine the suitability.

### Missed Shraddhas

Kala shraddhas (the Death day of Father/Mother) missed due to Ashoucha (both Jatha and Mrutha) is to be performed immediately after the Ashoucha period. Kala Shraddhas missed due to unforeseen circumstances (not Ashoucha) are to be performed in the immediate Krishna paksha Ashtami or Amavasya.

Avidhava Navami, Yatinam Dwadashi and Ghata Chaturdashi, if missed due to Ashoucha are lost and nothing needs to be done.

Masika Shraddhas (Monthly Shraddhas during the first year of death), if missed due to Ashoucha are lost and nothing needs to be done. This rule is not applicable to the First Annual Shraddha which comes under the First category.

Some people perform Vimoksha (Shraddha on the last day of the first year of death), sometime during the year of their father/mother's death, in order to perform their daughter's marriage during the same year. This is just a permission for the marriage and the remaining Masika Shraddhas have to be performed on the due dates.

Paksha Shraddha should not be missed due to any reason. Therefore an alternative period of One whole month (Thula Masa) called Mahalaya Gounakala has been provided.

### Deshabedha (Locational Difference) Ekaadashi

Bhagavatha/Vaishnava Ekadashi observance is decided based on the rule that **Dashami should have ended before Arunodaya** (96 minutes period preceding Sunrise).

**Sunrise occurs at different times of the same day at different places. Dashami ends around Arunodaya in a maximum of about three times in a year (In some years No such occassion occurs.)**

**In such occassions, Ekadashis will have to be observed on different days in different places basis. This is due to geographical/natural reasons only and Mutts calculations\*/practices are not the cause.**

However, this Deshabedha is practiced in Uttaradi Mutt only.

In other mutts, the later day of the two different days is observed as Ekadashi at all places.

Those who observe Ekadashi may ascertain the dates in their Mutt.

\*Few Udupi mutts are using Drigganitha Panchangam for day to day use. Sometimes their Ekadashi could be on a different day.

Smartha Ekadashi is based on Ekadashi thithi at the time of sunrise.

### Ashoonya Shayana Vrata

This vrata is for non separation of couple.

Vrata involves Shodashopachara pooja in the evening to Pratimas of Lakshmi and Narayana placed on a new bed. Bhojana is after Chandra Darshana. Vrata is on Krishna Dwitheeyas of Ashada, Shravana, Bhadrpada and Aswina masas (beginning in Ashada and ending in Aswina).

After completion of vrata, the new bed and pratimas have to be given away as Daana to an eligible couple.

Shloka for this Vrata:

**There are No Two successive Upavasas during the year**

### Current Day

For counting Impurity (Ashoucha) period due to Birth and Death the extent of Current day (on the Day of occurrence) is required. First 5/8 parts of the Rathrimana (night time – sunset to sunrise) is counted as part of the Current day and the rest as Next day. For a notional Sunrise of 6 am and Sunset of 6 pm, upto 1:30 am is considered as Current Day. This also means, the current day is from previous 1:30 am.

However for Rajaswala (Menses) nirnaya, first 2/3 of the night time is considered as part of current day, in which case 2:00 am would be the cutoff point.

### Tharabala

Tharabala is a way of checking the suitability of a chosen time for the person. With the person's birth nakshatra as 1 count till the nakshatra of the chosen period (Day and Time). The serial number obtained (notice that both the nakshatras - person's and the chosen period's - are included in the count) is divided by 9. The remainder indicates the Tharabala (literally the strength of the chosen period). The explanations for the remainders are given below the table.

**Usage:** Look for the person's nakshatra in the column on the left or right. Choose the required period's nakshatra in the top or bottom row. Read the result. The remainder after dividing by 9 is given. Result 6 which is the best possible is shown in bold.

**Thara Shanthi:** In unavoidable circumstances, when the Tharabala is 1(Janmathare), Shaka (Vegetables) daana, 3 (Vipaththare) Jaggery daana, 5 (Prathyakthare) Salt daana, 7 (Naidhanathare) Ellu (Sesame), Silver, Gold and Clothes daana will eliminate the dosha of Tharabala.
