Shraddha Thithis

Shraddha Thithis indicated are as per calculations to suit customs of everybody.

General rule for madhwas is **Perform Ekadashi / Dwadashi shraddha on Dwadashi observance day**. Shraddha Thithis on Athiriktha Ekadashi and Shravana Dwadashi days have to be performed on the Parane (next) day.

Sometimes Ekadashi shraddha thithi occurs on a Viddha / Dashami day, Dwadashi shraddha thithi on Ekadashi observance day. In both the cases, performing Shraddha on the Dwadashi parane day is the general rule.

One school of thought is that Ekadashi shraddha can be performed on Dashami day if the shraddha thithi is Ekadashi. Some mutts do not agree with this contention.

Concerned persons may ascertain the date from their mutts/purohit.

Astrological Principles for Common Activities

According to Maharshi Vatsyayana, Akshi (Eyes), Vaksha (Chest), Kukshi (Stomach), Sira (Head), Hridi (Heart), Hastam (Hands), Apatsu (Female sexual organ), Nabhi (Navel), Medhra (Male sexual organ), Adhobhaga nalyuha (Lower intestines), Buddhisthana (Brain), Brahmarandhra (seat of the ray of Brahma) are all seats of electricity. Hence cutting of hair from the head means so much loss of vitality of the body. On certain lunar days, owing to the nature of the electrical energies coming from Moon such loss of vitality can be neutralised. Further, electrical energy is used in almost all activities of the body. Hence, cutting of hair or nail after eating food interferes with the digestive system due to loss of electricity. Eye defects, Loss of memory, Loss of sight, Deafness and other injurious consequences are directly traceable to promiscuous shaving and cutting of nails without reference to day or time. These ills can be minimised by regulating shaving and cutting of nails in the light of Astrological principles. Persons who wish their hair to grow dense and long should cut it in the Shukla Paksha. On the other hand, nails should be cut in Krishna Paksha to give them a good chance of growing. Adjacent table gives suitable Thithi, Vara and Nakshatras for common activities. Missed Shraddhas

Kala shraddhas (the Death day of Father/Mother) missed due to Ashoucha (both Jatha and Mrutha) is to be performed immediately after the Ashoucha period. Kala Shraddhas missed due to unforeseen circumstances (not Ashoucha) are to be performed in the immediate Krishna paksha Ashtami or Amavasya.
Avidhava Navami, Yatinam Dwadashi, Ghata Chaturdashi, Amavasye and Masika Shraddhas (Monthly Shraddhas during the first year of death), if missed due to Ashoucha are lost and nothing needs to be done.
Paksha Shraddha should not be missed due to any reason. In addition to the Paksha Masa, an alternative period of One whole month (Thula Masa) called Mahalaya Gounakala has been provided. Some people perform **Vimoksha** (Shraddha on the last day of the first year of death), sometime during the year of their father/mother's death, in order to perform their daughter's marriage during the same year. This is just a permission for the daughter's marriage and the remaining Masika Shraddhas have to be performed on the due dates.

Deshabedha (Locational Difference) Ekaadashi

*Bhagavatha/Vaishnava Ekaadashi observance is decided based on the rule that **Dashami should have ended before Arunodaya** (96 minutes period preceding Sunrise).
Sunrise occurs at different times of the same day at different places. Dashami ends around Arunodaya in a maximum of about three times in a year (In some years No such occassion occurs.)
In such occassions, Ekaadashis will have to be observed on **different days in different places** basis.
This is due to geographical/natural reasons only and Mutts calculations*/practices are not the cause.
However, this Deshabedha is practiced in Uttaradi Mutt only.
In other mutts, the later day of the two different days is observed as Ekaadashi at all places.
Those who observe Ekaadashi may ascertain the dates in their Mutt.
*Few Udupi mutts are using Drigganitha Panchangam for day to day use. Sometimes their Ekaadashi could be on a different day.
Smartha Ekaadashi is based on Ekaadashi thithi at the time of sunrise.*

Rules for taking food in a Pankthi

Taking food is a Yajna. There is Agni in the stomach and what is eaten is Ahuthi (offering).
Two or more persons taking food together is called a Pankthi. Everyone in the pankthi has to wait for the eldest / most learned in the Pankthi to start taking food, before starting to partake the food. [Anybody taking even a part of the food earlier makes the entire food for all other elders Enjalu (left over) and ineligible for consumption.] Eating after elders is not an offence.
Similarly, everyone has to wait for the eldest / most learned to finish and get up (/ permit others to get up) before finishing / getting up. Someone finishing / getting up earlier also makes the elders get up immediately without finishing their food. This is the rule.

General Information about Muhurthas

Uttarayana, the best

Uttarayana is the best period for any Muhurtha.

Panchangas are expected to indicate muhurthas for the months of Chaitra, Vaishakha, Jyeshtha, Makha and Phalguna only, which generally corresponds to Uttarayana.

However, during Dakshinayana, Margashira and Kartheeka masas are the best.

Preferred Slot of Upanayana

For Upanayana, the period from Shukla Panchami to Krishna Panchami is considered the most preferred.

Ashada / Pushya Masas

Ashada Masa is generally considered a taboo. However if Meena masa co exists it is considered acceptable.

Similarly Pushya masa is also considered a No Muhurtha masa. However the period when Dhanur masa coexists only is a No muhurtha period.

These have been considered while listing the muhurthas in this table.

Asthas of Guru / Shukra

Gurubala is very essential for the function to take place. Shukra is considered the planet indicating marriage. Hence Shukrabala is very important.

However, it is said that Guru Astha period is not suitable for Rugvedis, Shukra Astha period is not suitable for Yajurvedis and Bhouma Astha period is not suitable for Samavedis.

The rule is applicable for Upakarma also.

Madhwas

Madhwas do not fix Dashami, Ekadashi and Dwadashi as muhurthas - the three days are considered as Haridinas.

However, in exceptional circumstances, Dashami can be considered for Vivaha only (exclusive vivaha and not the subsequent function (Nisheka) in the night).

During Child marriage days, this question did not arise.
