**Giving away as dana 33 nos. of Apoopas, a sweet made out of rice and jaggery is shta (very good) during this month. This is normally given in a new brass vessel with ghee in another container.**

Those who cannot give dana on all days of the masa should try and give on the **special days**: Shukla Dwadashi, Pournima, Krishna Ashtami, Navami, Dwadashi, Chathurdashi and Amavasya.

### Adhika Masa – Shraddha Vichara

Annual shraddha due in Jyeshtha Masa, has to be performed during Nija Jyeshtha masa only. A sankalpa shraddha is to be performed during Adhika masa.

However, if the person has passed away during Adhika Jyeshtha masa, the annual shraddha is during Adhika Jyeshtha only.

In case of persons passed away during the **immediate previous year**:

1. Death in Jyeshtha masa, first annual shraddha is during Adhika Jyeshtha masa itself.

2. Death after Jyeshtha, the monthly (masika) shraddha has to be performed both in Adhika and Nija Jyeshtha masas.

Darsha shraddha has to be performed in both Adhika and Nija masas.

### Shraddha Thithis

**Shraddha Thithis** indicated are as per calculations to suit customs of everybody.

General rule for madhwas is **Perform Ekadashi / Dwadashi shraddha on Dwadashi observance day. Shraddha Thithis on Athiriktha Ekadashi and Shravana Dwadashi days have to be performed on the Parane (next) day.**

Sometimes Ekadashi shraddha thithi occurs on a Viddha / Dashami day, Dwadashi shraddha thithi on Ekadashi observance day. In both the cases, performing Shraddha on the Dwadashi parane day is the general rule.

One school of thought is that Ekadashi shraddha can be performed on Dashami day if the shraddha thithi is Ekadashi. Some mutts do not agree with this contention. Concerned persons may ascertain the date from their mutts/purohit.

General Information about Muhurthas

**Uttarayana, the best**

Uttarayana is the best period for any Muhurtha.

Panchangas are expected to indicate muhurthas for the months of Chaitra, Vaishakha, Jyeshtha, Makha and Phalguna only, which generally corresponds to Uttarayana.

However, during Dakshinayana, Margashira and Kartheeka masas are the best.

**Preferred Slot of Upanayana**

For Upanayana, the period from Shukla Panchami to Krishna Panchami is considered the most preferred.

**Ashada / Pushya Masas**

Ashada Masa is generally considered a taboo. However if Meena masa co exists it is considered acceptable.

Similarly Pushya masa is also considered a No Muhurtha masa. However the period when Dhanur masa coexists only is a No muhurtha period.

These have been considered while listing the muhurthas in this table.

**Asthas of Guru / Shukra**

Gurubala is very essential for the function to take place. Shukra is considered the planet indicating marriage. Hence Shukrabala is very important.

However, it is said that Guru Astha period is not suitable for Rugvedis, Shukra Astha period is not suitable for Yajurvedis and Bhooma Astha period is not suitable for Samavedis.

The rule is applicable for Upakarma also.

**Madhwas**

Madhwas do not fix Dashami, Ekadashi and Dwadashi as muhurthas - the three days are considered as Haridinas.

However, in exceptional circumstances, Dashami can be considered for Vivaha only (exclusive vivaha and not the subsequent function (Nisheka) in the night).

During Child marriage days, this question did not arise.

**Lagna Thyajya**

Lagnas for different muhurthas has been indicated in the table. Each of these Lagna's duration is roughly 2 hours.

However, One-third of the duration is called Thyajya meaning "To be discarded". The thyajya details are: First one third in case of Mesha, Vrushabha, Kanya and Dhanus lagnas, Second one third in case of Mithuna, Simha, Thula and Kumbha lagnas, Last one third in case of Karkataka, Vrushchika, Makara and Meena lagnas.

Nakshatra Thyajya for each day has been given in the Panchanga.

**Consult an Astrologer**

The given muhurthas are general in nature. These may be best suited as also not suitable for different individuals. Consulting a learned Astrologer with the individuals horoscope / nakshatra will determine the suitability.

\* Not Preferred, Consult an Astrologer, if it has to be chosen for requisite Pariharas

Muhurthas: Vara shuddhi is on Monday, Wednesday, Thursday and Friday

Upanayanas: Lagna shuddhi is in Mesha, Vrushabha, Karkataka, Meena, Mithuna, Simha, Kumbha

Vivahas: Lagna shuddhi is in Vrushabha, Mithuna, Karkataka, Kanya, Simha, Meena

**Missed Shraddhas**

Kala shraddhas (the Death day of Father/Mother) missed due to Ashoucha (both Jatha and Mrutha) is to be performed immediately after the Ashoucha period. Kala Shraddhas missed due to unforeseen circumstances (not Ashoucha) are to be performed in the immediate Krishna paksha Ashtami or Amavasya.

Avidhava Navami, Yatinam Dwadashi, Ghata Chaturdashi, Amavasye and Masika Shraddhas (Monthly Shraddhas during the first year of death), if missed due to Ashoucha are lost and nothing needs to be done.

Paksha Shraddha should not be missed due to any reason. In addition to the Paksha Masa, an alternative period of One whole month (Thula Masa) called Mahalaya Gounakala has been provided.

Some people perform **Vimoksha** (Shraddha on the last day of the first year of death), sometime during the year of their father/mother's death, in order to perform their daughter's marriage during the same year. This is just a permission for the daughter's marriage and the remaining Masika Shraddhas have to be performed on the due dates.

**Deshabedha (Locational Difference) Ekaadashi**

Bhagavatha/Vaishnava Ekadashi observance is decided based on the rule that **Dashami should have ended before Arunodaya** (96 minutes period preceding Sunrise).

**Sunrise occurs at different times of the same day at different places.** Dashami ends around Arunodaya in a maximum of about three times in a year (In some years No such occassion occurs.)

In such occasions, Ekadashis will have to be observed on **different days in different places** basis. **This is due to geographical/natural reasons only and Mutts calculations\*/practices are not the cause.**

However, this Deshabedha is practiced in Uttaradi Mutt only.

In other mutts, the later day of the two different days is observed as Ekadashi at all places.

Those who observe Ekadashi may ascertain the dates in their Mutt.

\*Few Udupi mutts are using Drigganitha Panchangam for day to day use. Sometimes their Ekadashi could be on a different day.

Smartha Ekadashi is based on Ekadashi thithi at the time of sunrise.

### Ashoonya Shayana Vrata

This vrata is for non separation of couple.

Vrata involves Shodashopachara pooja in the evening to Pratimas of Lakshmi and Narayana placed on a new bed. Bhojana is after Chandra Darshana. Vrata is on Krishna Dwitheeyas of Ashada, Shrawana, Bhadrpada and Aswina masas (beginning in Ashada and ending in Aswina).

After completion of vrata, the new bed and pratimas have to be given away as Daana to an eligible couple.

Shloka for this Vrata:

लक्ष्म्या वियुज्यते देव न कदाचित् यथा भवान् । तथा कलत्र संबंधो देव मा मे वियुज्यताम् ॥  
लक्ष्म्या न शून्यं वरद यथा ते शयनं सदा । शय्या ममापि अशून्यास्तु तथात्र मधुसूदन ॥  
गगनगण संदीप क्षीराब्धि मथनोद्भव । भाभासित दिगाभोगं रमानुज नमोस्तुते ॥

### Current Day

For counting Impurity (Ashoucha) period due to Birth and Death the extent of Current day (on the Day of occurrence) is required. First 5/8 parts of the Rathrimana (night time – sunset to sunrise) is counted as part of the Current day and the rest as Next day. For a notional Sunrise of 6 am and Sunset of 6 pm, upto 1:30 am is considered as Current Day. This also means, the current day is from previous 1:30 am.

However for Rajaswala (Menses) nirnaya, first 2/3 of the night time is considered as part of current day, in which case 2:00 am would be the cutoff point.

**Two successive Upavasas during the year  
Shrawana Shuddha, 24th August 2026 will be  
Athiriktha Vaishnava Ekadashi.**

**Grahanas (Eclipses) during the year  
No Grahanas are Visible**

To know your Rasi from the Nakshatra use this Table.	Kandaya Phala																For any Nakshtra: Higher the number, greater is the result – Odd number indicates monetary gain, Even number indicates medium gain and Zero indicates no gain. Additionally, Zero in Top row means Mahavyadhi, Mid row means Mahathbhayam and Bottom row means Rogapeeda.

### Tharabala

Tharabala is a way of checking the suitability of a chosen time for the person. With the person's birth nakshatra as 1 count till the nakshatra of the the chosen period (Day and Time). The serial number obtained (notice that both the nakshatras - person's and the chosen period's - are included in the count) is divided by 9. The remainder indicates the Tharabala (literally the strength of the chosen period). The explanations for the remainders are given below the table.

**Usage:** Look for person's Nakshatra in the column on the left or right. Choose the required period's Nakshatra in the top or bottom row. Read the result. The remainder after dividing by 9 is given. Result 6 which is the best is given in Bold.

**Thara Shanthi:** In unavoidable circumstances, when the Tharabala is 1(Janmathare), Shaka (Vegetables) daana, 3 (Vipaththare) Jaggery daana, 5 (Prathyakthare) Salt daana, 7 (Naidhanathare) Ellu (Sesame), Silver, Gold and Clathes daana will eliminate the dosha of Tharabala.
